

Chamber Elects Ten To Executive Board

Ten new directors have been elected to the Board of Directors of the Chamber of Commerce, Mrs. James Speer, Chamber secretary announced.

New directors elected by Chamber members are Charlie Burke, George Bowman, Narvie Caperton, Dr. Gus Evans, Jr., Frank Luecke, Earle Pearson, Jack Prescott, Lester Williams, Drayton McLane, and Morris Eplen.

They will serve a three-year term.

Alternates elected are J. C. Andres and Dr. S. H. Richardson.

Out-going board members are Bill Burns, O. B. Horstmann, Dana Kestenbaum, Ben Magness, Calvin Markham, E. A. Perrin, E. L. Wied, Jimmy Wiggs, Richard Williams, and Gene Blake.

The ten new directors of the 24-member board will be installed at the Chamber of Commerce Banquet February 24.

Cameron's outstanding citizen will be awarded the McCullin award at the banquet to be held at Simon-George Hall, officials said today.

Guest speaker for the banquet will be Stanley A. Arbingast, assistant director of the Bureau of Business Research at Texas University.

E. A. Perrin will be master of ceremonies.

County Groups Will Plan X-Ray Program

The TB X-ray unit will be in Milam County in the near future, the exact dates and locations to be decided when Howard K. Shackelford, Field Representative of the Tuberculosis Division of the State Health Department will meet with local groups over the county.

Shackelford will be in Milam County February 12 to explain the

new rules and regulations for the survey this year. P. Pruitt is County Chairman. Local chairmen urge all persons interested in the X-ray program to attend the meeting in their locality. Mrs. Don Humble, local chairman said.

Representatives of Thorndale, San Gabriel, Conley, Detmold, Salty, and Davilla will meet in Thorndale at 9 a.m. February 12 at the school cafeteria with Ray Dorsett as local chairman.

Representatives from Rockdale, Sharp, Tracy, Milano and Gause will meet in Rockdale at 10:30 a.m. with Mrs. Dorothy Hyder as local chairman.

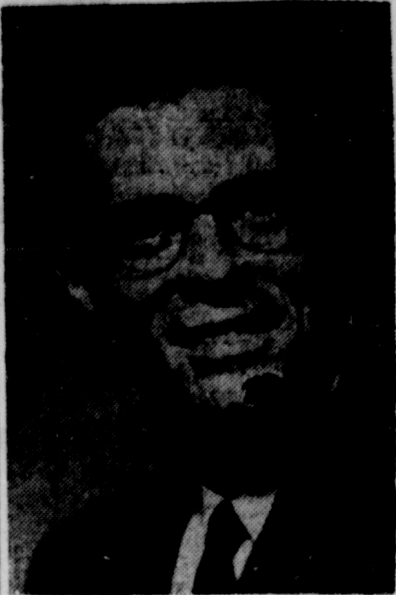

Representatives of Cameron, Burlington, Ben Arnold, Marlow, Yarrington, Curry, Marak, Maysfield, Branchville, Jones Prairie, Baileyville, Briary, and Clarkson are scheduled to meet at 1:30 p.m. in Commissioners' Court room with Mrs. Humble as local chairman.

The meeting for Buckholts and Ad Hall will be held at 3 p.m. at the school cafeteria with Mrs. Edwin Gandy as local chairman.

The forthcoming X-ray survey in Milam County will be sponsored by the Texas State Department of Health, The Milam County TB Association, The Milam County Medical Society, and the Milam County Health Department.

KTBC-TV Will Spotlight City

The history of the city of Cameron and interesting facts about the county seat of Milam County will be discussed on Bess Beeman's Corner on KTBC-TV (Channel 7) Sunday, Chamber of Commerce officials said today.

Dr. Lee C. Pierce

Dr. Lee C. Pierce Will Speak Feb. 9

Dr. Lee C. Pierce, director of church relations at Texas Christian University, will speak at the First Christian Church February 9.

Dr. Pierce, a member of the executive committee of the Texas Board of Christian Churches, will discuss the church, church-supported colleges and the ministry.

Time will be 7:30 p.m.

A social hour in the church basement honoring Dr. Pierce will follow his address, the Rev. Walter Grimes, Christian Church minister said today.

Pierce received his BA degree from TCU, and did graduate work at Brite College of the Bible where he received the BD degree. Texas Christian University conferred a Doctor of Divinity degree in 1954.

He serves on the Board of the Council of Christian Unity of the Disciples of Christ, and is Chairman of the Commission on the Study of a Delegate Convention of the Texas Convention of Christian Churches.

Thorndale FFA Plans Carnival

Thorndale High School's Future Farmers of America Carnival has been set for February 13 at the Thorndale High School.

Plans for the carnival include a country store, fun house, bingo, fish pond, fortune telling, cake walk, and movies.

At 9 p.m. in the High School auditorium, the Thorndale FFA Sweetheart will be presented. Candidates are Peggy Becker, Virginia Patschke and Dana Towery.

Following the sweetheart coronation, out-of-town visiting sweethearts will compete in a beauty contest. Entries already accepted are Verlene Cochran, Cameron; Jeanette Mikulencak, Granger; Marilyn Psenick, Taylor; Sue Saul, Thrall; Patsy Overturf, Rockdale; and Beverly Lamb, Sharp. These girls are FFA sweethearts in their communities.

Herbert Sides is FFA advisor and general chairman of the carnival.

Poultry Judges Place

Milam County Judging Team Rates Third

The Milam County Poultry Judging Team, composed of Joe Walzel, Adrian Richter, and Eugene Michalka of Cameron, and Carroll Wayne Glaser of Buckholts, placed third at the poultry judging contest held at the Southwestern Fat Stock Show in Fort Worth February 1.

Sixty-eight teams and 208 boys represented both 4-H Club and FFA Chapters in Texas and Oklahoma. The Tolar FFA team placed first, Waxahachie FFA second and Milam 4-H club third. Joe Walzel was 4th high individual and Carroll Wayne Glaser was 6th high individual.

Last year Milam county's poultry team placed third at this contest and went on to win the State contest last summer. J. D. Moore, County Agent, is coaching the poultry team this year.

The Milam County Grass Judging team composed of Billy Geller, Henry Tomasek, Jr., and Arvell Jungmann, participated in the grass judging contest at Ft. Worth February 1. Although the team did not score in the top ten teams, they received valuable experience by entering the contest. The Grass judging team is coached by Bennie Whiteside, assistant county agent.

The two 4-H teams will enter District competition at Stephenville in April.

The two teams were accompanied to Ft. Worth by Moore, Bennie Whiteside, Henry Richter, and Jeannette Richter.

Council Selects Members For Poll, Property Panels

Officials Warn Fire Onlookers To Clear Way For Firemen

The City Council Tuesday night appointed officials for 1958 equalization and election boards and asked that spectators stay out of the way of firemen at city fires.

Named to the equalization board were three Cameron businessmen, J. T. Parma, Leland Green, Jr., and Frank Stewart.

Election officials for the 1958 city elections in April are: Dan Gunn, election judge; Mrs. R. W. Bennett and Mrs. John Ryan, election clerks.

Councilmen pointed out that the city election will be conducted Tuesday, April 1, at City Hall. Two council positions and the mayor's place will be up for election.

Councilmen asked that onlookers at fires occurring in Cameron stay out of the way of firemen. Incidents have happened, officials said, which delayed fighting fires because of crowds gathering and cars being parked in the way of city fire trucks.

The equalization board will meet 10 a.m. March 10 to determine property values for the next year's tax rolls.

90 Percent Tax In

City Secretary Wayne Weiser reported Tuesday that tax collections ending January 31 totaled more than 90 percent of the \$85,408.64 on the rolls.

A total of \$78,017.92 has been collected, Weiser said.

Joe J. Rudy Co. representatives told The Herald Tuesday night that work on the city filtration plant was now 85 percent complete. The plant will probably be ready by April, officials said.

Meanwhile work continues on the new sewage plant, now about 10 percent complete.

A representative from the Fort Worth Engineering firm reported progress of the dual project in the meeting.

February 10 Is Deadline To Enter Broiler Contest

February 10 is the deadline for sponsors to submit entries in the Milam County Junior Broiler Contest, Mrs. James Speer, Chamber of Commerce secretary, said today.

Sponsors already entered are running far behind the one hundred anticipated to enter. Mrs. Speer said.

The contest is set to select show chickens raised in a nine-week period by the contestants.

Each contestant will be sponsored by a county businessman, who will provide 50 chicks and entrance fee. The ten dollar entry fee will also include the price of the banquet tickets at which the winners will be announced.

Businessmen will present the chicks to their entries in a ceremony on the courthouse lawn February 28.

Jaycees Honor State President

Cameron Jaycees honored state Junior Chamber of Commerce president W. E. (Pete) Snelson at a buffet supper at the Cameron Country Club Friday.

Snelson, an active Jaycee for over 10 years, is a partner in the Womack-Snelson Advertising Agency in Midland. Prior to entering the business field, Snelson served as assistant professor of journalism and director of public relations at Texas Western College and for three years was vice-president of Odessa College.

Snelson has been active in civic projects including Boy Scouts, Community Chest, Red Cross and March of Dimes. He is a member of the First Baptist Church in Midland and is a Mason.

Wives and prospective Jaycee members were guests of the group.

Police Seek Negro In Gunshot Death

Cameron police are still searching for Willie McCormick, about 46, Cameron Negro, suspect in the shooting death of Ollie Benjamin Milton, January 29, Police Chief Maynard Byers said Wednesday.

February 20 Is Soil Deadline

The deadline for signing cotton soil bank agreements has been changed to February 20 from March 7, Alva Sanders, office manager of the Milam County ASC said.

Farmers who wish to put their cotton acreage in the soil bank or who wish to withdraw contracts, must do so before February 20, Sanders said.

Two More Announce For County Offices

Two more candidates have committed for county offices this week. They are Homer Nabours, incumbent county clerk, and LaVert McKinney, candidate for county commissioner, Precinct 2.

Nabours will seek re-election for the county clerk position. He said a formal announcement will follow.

McKinney is the second candidate to announce for the Precinct 2 commission post. Joe Hickman, Jones Prairie, announced for the post last week.

Candidates already announced for office this spring are Don G. Humble for county judge, Hickman for commissioner, Herman Yezak for representative and Gus Evans for justice of the peace, Cameron.

Deadline for filing is May 5 election officials said.

Election Year

Polls Paid Exceed 1957

City Secretary Wayne Weiser said Wednesday that 926 city polls have been paid this year.

The number was over last year's 804 poll taxes paid, but somewhat lower than was first expected for this year, Weiser said. This year is an important election year with in the city, Weiser added.

County polls paid number 4,527 as compared to 3,913 in 1957, Valter White, county tax collector

said. During most important election years, polls have been exceeding 5,000, White added.

There is considerable election interest this year with state offices, and one-half of the county offices to be voted on, White said.

Nina Wilkerson, school tax assessor-collector reports that 93½ percent of the 1957 school tax roll has been paid.

Deadline was January 31. The

taxes may be paid during February with penalty and interest of one and one-half percent. Interest and penalty will increase each month thereafter, Miss Wilkerson noted.

All moneys collected are not included in the percentage, Miss Wilkerson said. Delinquent and supplemental taxes are being figured separately.

Davilla Youth Wins Navy Honor At San Diego

SAN DIEGO, Calif.—Raymond M. Rydell, airman, son of Mr. and Mrs. B. H. Rydell of Davilla, has been chosen to receive the American Honor Medal Award this week at the U. S. Naval Training Center here.

The American Spirit Honor winner is chosen from among 900 recruits. He is elected on the basis of leadership, sportsmanship, military bearing, initiative, response to orders, qualifications of a good shipmate, and application to recruit training.

The election is made from among the honorem and apprentice chief petty officers of the graduating companies with the final choice being made by the brigade commander with the approval of the executive officer.

Rydell expects to be assigned to Air Preparatory school at Norman, Oklahoma, for technical training as an Aviation Structural Mechanic after his return from 14 days recruit leave.

Parents-Teachers Meet Tonight

The Cameron Parent-Teachers-Association will meet Thursday, February 6, at 7:30 p.m. at the Ada Henderson School.

Francis Cox, Yoe High School band director, will introduce members of his band who will present instrumental selections.

Founders Day will be observed with a special program presented by Mrs. C. L. Canady.

Dance, Jan. 30 32.50

Burlington 76.32

Basketball game 52.50

O. J. Thomas coin cards 110.09

Negro Benefit basketball game 9.50

Telephone operators at Southwestern Bell in Cameron pooled funds and contributed \$24.00 to the MOD drive Tuesday morning, Hannon, reported.

Leading the MOD drive in Burlington were Mrs. Frank Rogers, Mrs. Ed Bonesh, Mrs. Ruby Helpert, and Mrs. George Kahlig.

Service club members and National Guardsmen conducted the Bucket Brigade two Saturdays in downtown Cameron.

Complete totals will be available later, Hannon stated, as many surrounding communities have not completed their reports.

Milam Sweet Potato Growers Convene, Make Production Plans

By J. D. Moore
County Agent

Plans for sweet potato production in Milam county were made at a meeting of growers in Rockdale last week. State Department officials from Austin outlined three plans that could be followed in growing sweet potatoes to combat the potato weevil.

Plan one would be no planting

of any potatoes for one year, followed by two proven free crops, with close inspection.

Plan two would allow free planting with inspection, and set up a zone of one mile radius around any crop found to be infested with weevils.

Plan three would allow free planting along with an educational program to assist farmers in apply-

Farmers Prepare For Truck Crop Planting In Milam

Farmers are getting fertilizer down for canteloupe, tomato and watermelon planting within the next 30 days, County Agent J. D. Moore reports in his weekly crop analysis.

He says that conditions are favorable for good gardens and truck crops.

Conditions are equally favorable, he points out, for cattle. He says that cattlemen who kept their herds are doing well. Moore believes that livestock conditions should continue good.

Stockmen planning supplemental grazing will do well this summer, he continues.

Soil moisture is adequate for plant growth throughout Milam County, Moore says. Farmers were able to plow upland fields late last week. They still have time for seed bed preparation.

He adds that late plowing under of stalks delays decomposition and presents a abatement problem.

The county agent recommends 100 pounds of ammonium sulphate per acre to boost oats for grazing. He says that grazing oats are not making the desired growth.

ing an insecticide to control the weevils.

Research shows that where Diel-drin dust at 2 percent strength, used at the rate of 20 pounds per acre when the potato vines start to run and again about the time the ground starts to crack, gives good control of the weevils.

Growers attending the meeting were in agreement that the third plan would be more practical since no one would be denied the privilege of planting potatoes. Some county farmers depend on sweet potatoes as a cash crop.

Local Cattle Market Reports Price Rise

The local cattle market was steady to fifty cents higher last week, Cameron Livestock Auction officials said today.

Consignments were doubled over the previous week with a strong demand for stocker steer and heifer calves, replacement-type cows and calves, and stocker cows.

Auction officials reported 152 sellers and 65 buyers. Consignments included 542 cattle, five hogs, and one horse.

FARM SCENE

Saving Your Soil

Chandler Grass Work Brings Conservation

Grassland farming is Guy Chandler's answer to the conservation problems on his 200-acre farm near Maysfield. When SCS technicians assisting Central Texas SCD started working with him to develop a conservation plan for the entire farm, it was similar to many of the other mixed and sandyland farms in the area.

The 150 acres of cropland was low in fertility, organic content, and the soil condition was bad. The 50-acre pasture was overgrazed and covered with undesirable plants. A soil, water and plant conservation plan was developed for the entire farm in order to correct these problems.

Pasture Takes Year

It took Chandler only one year to bring his pasture back. Undesirable trees and brush were eliminated, and the entire pasture was overseeded and fertilized. This not only doubled production, but it also provided good cover for the top soil.

On the old cropland the complete job could not be accomplished so fast because of the need for soil conditioning and the establishment of all new base grasses. His plan is to develop a year around pasture using small grain, clovers, annual winter grasses and

perennial summer grasses.

Trial Plantings

Trial plantings were made in 1957 of blue panic, sorghum al-mum, buffel grass and Coastal Bermuda. After a few years of soil conditioning with legumes, the permanent grasses will be established on most of the old cropland.

Chandler has been very successful in accomplishing the practices that he had set up in his long range plan.

He believes that the main thing which helped him get the job done was his liberal application of the right kind of fertilizer and proper placement of it at the same time seedings were made.

'Can Do!'

The March of Dimes program in Milam County and throughout the nation represents an amazing example of what concerted effort can do.

The MOD campaign leaves no stone unturned and draws enthusiastic support from all organizations, ranging from the Mothers' March to collections by the National Guard unit here.

Ever wonder why the MOD drive in particular gets such support?

It has gained tremendous popularity through the years because of visible uses of the money contributed. And, of course, Jonas Salk's vaccine made MOD even more acceptable to the general public.

The parallel can be drawn to any project. A problem states itself and diverse organizations unite to meet the problem head on.

In the MOD drive, the problem is raising funds. Wide participation and enthusiasm solves the problem.

We can learn much from the MOD and others proved successful for many years.

One measure of these successes is the attitude... "Can do!" Above all else, the attitude of expecting success foretells success. We call it optimism.

How much easier it is for a project to develop successfully when it develops from an attitude of "Can do!" We think MOD and other successful community drives suggest a slogan something like: "Will to, can do!"

THE LITTLE RIVER PHILOSOPHER

Sage Says Newspapers Need 'Salty,'
Wonders About Cur eFor Lazy
By J. A.

Dear editor:

I don't care how brainy a man is, how important his job is, whether he's mayor of a town without enough money to operate on or the Secretary of State in the same shape, or a college professor or a business tycoon or a scientist who thinks in mathematical formulas instead of words, there are times when, if you can catch him at it he's not doing anything. He's tired. He's loafing.

It was therefore with a considerable amount of interest I read in a copy of a newspaper which my milk cow was chewing on the other day, it's obvious she needs some salt and if newspaper publishers wanted to really be of service to farmers they'd print their papers on a saltier quality of paper, with maybe a few trace minerals included, and when you get through reading it, hand it to your cows, improve, if not your rural usefulness, at least your rural usefulness, but to get on with this sentence, what I read in this paper which I took away from my cow was a statement that a group of scientists are making a study of laziness, to discover its cause

and cure.

I don't know what their findings will be, and I won't go out of my way to find out, but if they think eliminating laziness will solve the world's problems, they're forgetting how energetic Hitler and Stalin and Mussolini and Julius Caesar and Attila the Butcher were.

You can blame a run-down farm on laziness, but I never heard of a war you could blame on it. Understand, we seed energetic people, but did you ever stop to think how much worse the farm surplus would be than it is if all farmers were equally energetic? If Mr. Benson thinks he's got problems now, he ought to eliminate laziness and see where he stands. Energy is what puts a gas service station at the spot where you need it, but energy is also responsible for putting another one across the street and cutting the first one's income in half.

I'm not saying that laziness is all right. I'm just saying energy can be carried too far. At least I've heard it can, personally I've never tried it and don't intend to.

Yours faithfully,

J. A.

Capitol Report

Commission Eyes 1962 Student Influx

By Vern Sanford

Texas Press Association
AUSTIN—By 1962 the first wave of the state's "war babies" probably hundreds of thousands of them will be seeking a college education in Texas.

Time to get ready for them is now, says the Commission on Higher Education.

Created by the Legislature in 1955, the Commission has spent some two years getting organized and gathering facts. Now, says the Commission's director, Dr. Ralph T. Green, it is ready to start making some "firm recommendations" beginning with its meeting Feb. 10 in Denton.

Commission has the responsibility for studying the needs and problems of all 18 state supported colleges and universities and making recommendations and appropriation requests for them to the Legislature.

Commission staff has done extensive research in areas of professor's salaries, how many students take what courses and possible need for more branches and courses in certain areas.

Several cities have been actively demanding senior college status for their junior colleges. Commission is to have recommendations on this later.

77,913 Students
At present, says Dr. Green, Texas' 18 state colleges have some 77,913 students. By 1962, he predicted, they will have 102,000.

Statewide, the possibilities are even more overwhelming. There are some 160,000 students in both state and private colleges now, said Dr. Green, but by '62 there will be an estimated 320,000 prospective college students.

Exact figures are not possible, of course, he said, but "there's no getting around it, the kids are there. It's almost frightening to foresee this tremendous volume and know, too, that standards must be raised to meet demands for improved scientific and technical training. But with good planning, we can do it."

Polio Plummets
Best news from the State Health Department recently is the 1957 polio figures... lowest in a decade. Total for 1957 was 734 cases, just a little over half the 1956

total 1,307 and less than one-fourth the peak year of 1952 (3,984).

Department officials said they expect a continued, but more gradual decline, as more people take the vaccine. Shots are not likely ever to stamp out the disease completely, they said, since the vaccine does not prevent non-paralytic polio.

Come And See Us

Texans can garner many millions in out-of-state dollars by learning to be good hosts to tourists.

Said Tom Taylor, manager of information and statistics for the State Highway Department, "The tourist industry is one of the easiest in the world to promote. Every community has something to offer. But many Texans don't know enough about their own communities to give directions."

Considering the scarcity of promotion, said Taylor in a speech to the Texas Motor Transportation Association, it was surprising to note that Texas is fifth among the states in number of tourists. It was a \$500,000,000 industry in 1957, he said, bringing Texans more income than cotton, cattle and wheat combined.

But, Taylor noted, competition from other states is getting stiffer, and Texans will have to work harder to get out-of-staters to spend their vacation money here.

More Cotton Asked

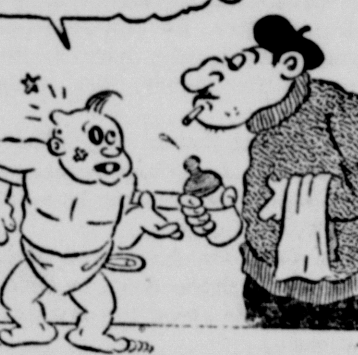

Texas should be allowed to produce more cotton this year to meet a demand for better grades, says Agriculture Commissioner John White.

Despite the cotton surplus in storage, there is a shortage of middling grades and an active demand for better grades, said White. Because of the end of the drought, he said Texas had an excellent chance to produce high quality cotton this year for the first time in eight years.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mesdames Brock, Dinner Honors Crump Will Host Patriotic Group

The United Daughters of the Confederacy met Wednesday at the Magnolia House with Mrs. Ed Gunn, hostess.

Roll call was answered with incidents in the lives of Generals Lee, Jackson, and Maury. A short business session followed.

Mrs. John Hayes read a paper "There Will Always Be a South." Refreshments of cherry tarts with whipped cream and coffee were served.

The UDC will meet February 12 with Mrs. T. E. Crump and Mrs. Jesse Brock as hostesses.

A&M Mothers Have Quarterly Meeting

The A&M Mothers Club of Milam County had their regular quarterly meeting Thursday evening in the home of their president, Mrs. W. W. Balhorn.

The club voted to sponsor a duchess for the annual Cotton Ball and pageant presented by the student Agronomy Society at Texas A&M, April 11.

Cadet Capt. Robert Balhorn gave a brief report of his tour of the 15th Air Force Strategic Air Command, Air Force Flight Test Center and Air Force Ballistic Missile Division in California. The clubs next meeting will be in the home of Mrs. C. W. Hudson April 24. All mothers of Texas A&M students as well as others interested are invited to attend.

Tea Shower Fetes Miss Joyce Wallace

Miss Joyce Wallace, bride-elect of Clifford Angell, was honored by Mrs. Frank Richards and Mrs. Melvin Dornier at a tea shower Saturday afternoon.

About 80 guests called from 4 to 6:30 p.m. The shower was held in the Educational Building of the First Baptist Church.

In the receiving line were the hostesses, the bride-elect, Mrs. Esther Wallace, mother of the bride-to-be, and Mrs. V. L. Angell, mother of the groom-to-be.

A Valentine theme was carried out in the decoration. The table was centered with a white satin heart trimmed in red net with a base of red carnations.

Guests were registered by Miss Evelyn Love. Assisting in serving were Mrs. Charles Richards of Waco, Miss Kay Cox of Cameron, and Miss Maxine Eddleman, Waco.

Dinner Honors OES Officers

A dinner honoring officers of the Cameron Chapter, Order of the Eastern Star, and Mrs. Byron Covey, Deputy Grand Matron, was given by Mr. and Mrs. Frank Reid Friday evening at their home, 605 E. 7th.

Mrs. Reid is worthy matron of the local chapter.

Red carnations were used in the dining room decoration. A styrofoam Bible in white and gold was placed in front of a large mirror, and accented by the red carnations. Placed on the Bible were a miniature gold gavel and a small gold Eastern Star emblem.

The center of interest in the living room was a "heart tree" with cupid figurines under it.

Mrs. Reid presented each officer with a gift of appreciation for their service to the O.E.S. for this year.

Assisting the hostess were Mrs. Gertrude Harsha, Miss Helen Grace Reid and Rita Reid, daughters of the hostess.

Special guests for buffet dinner were Byron Covey, Mrs. Carrie Kuehl, and Miss Sallye Dees of Amarillo.

MANAGES MERCANTILE—Manager W. C. Freeman, Maysfield Mercantile Co., stands before one of the 1958 Case tractors being featured at his salesroom on the Waco Highway. Maysfield Mercantile has 44 years of business experience behind them to assure farm equipment buyers of fair dealing and know how in Case farm equipment and Willys Jeep sales and service.

44 Years Experience Backs Maysfield Mercantile Service

Maysfield Mercantile Co., on Waco Highway, Cameron, has 44 years in business experience to assure Milam farm owners of fair dealing and thorough knowledge of farm equipment problems.

Farmers for years have known W. C. Freeman, secretary-treasurer and manager of the Maysfield Mercantile. And Milam Countians know that his 11 years as manager of the operation give him the background to understand thoroughly what farm machinery must do for the farmer.

Maysfield Mercantile has held the J. I. Case tractor franchise for 17 years, offering a complete line up of equipment that includes nine different 1958 tractor models.

The long-established Milam County firm also holds the service and sales franchise for Willys Jeeps.

Company Officers

Other officers of Maysfield Mercantile are J. C. Freeman, Maysfield, president; and H. L. Yager, Maysfield farmer and rancher. J. C. Freeman and W. C. Freeman are brothers.

"We offer outstanding equipment repair services as well as new equipment sales," Freeman

points out. "Our two mechanics, Raymond Talafuse and Thomas Nichols, have the know how to repair that farm implement for good working order."

Talafuse has attended Case's farm mechanics school and has had years of experience with farm machinery.

Maysfield Mercantile can offer the farm equipment buyer a good selection of equipment on hand, Freeman says. No waiting for most models of tractors. "We have them on the premises."

"And our financing makes it easy for the farmer to get a good trade-in price for his old equipment and gives him up to four years to pay it out," Freeman continues.

The new Case line of tractors for 1958 features Case-o-matic Drive on three models. Freeman says the new transmission eliminates shifting, stalling, clutching and saves the user manpower and money.

Complete Service

Maysfield Mercantile offers complete farm equipment service backed by years of know how, Freeman emphasizes.

The company was organized in

Top Notch Movies Sparkle Milam Bill

"Let's go to the movies."

That's the theme Billy Peck, manager of the Milam and 77 Drive-In Theatres, is bringing to the forefront at the two Cameron theatres.

And he offers some good reasons why movies are better than ever, particularly at his Milam Theatre during the current season.

The 77 Drive-In Theatre will be opened later this spring with a series of first-rate pictures being planned, he said.

But at Milam Theatre in downtown Cameron, Peck emphasizes that he is showing first run pictures that a quality minded public is calling for.

Take for example our showing for the next week, Peck says.

"Les Girls" Due

"Les Girls" with Gene Kelly, Mitzi Gaynor and England's Kay Kendall will run for three days February 9-10-11. The Cole Porter musical is a good example of top notch entertainment showing at the Milam.

Then there is "God Is My Part-

ner" starring the incomparable Walter Brennan, three-time Academy Award winner, starting Wednesday, February 12 for a two-day run.

It will be followed by Walt Disney's "Perri", the true-life fantasy of Perri the squirrel. Then, points out Peck, "Don't Go Near The Water," an outstanding comedy starring Glen Ford will be shown February 14, Valentine's Day.

These are a good example of a week's run at the Milam, Peck says. A number of other top notch movies are due for showing throughout the year in Cameron.

The Milam boasts comfortable seating capacity for several hundred viewers and delicious soft drinks, candy and popcorn in the lobby refreshment booth.

Screen Rebuilt

The 77 Drive-In screen has been completely rebuilt in the past year and speaker facilities will be ready for the spring opening.

"We hope to show the "Ten Commandments" in the premiere opening of the 77 Drive-In this spring," Peck said. The 77 is on the Waco Highway.

You can be sure that better movies are on tap at the Milam, Peck continues. Another great picture due in February is the hit musical "Oklahoma!"

The personnel and management of both theatres strive to give our customers the utmost in movie entertainment for their money, Peck adds.

"Be sure to see one of these movies coming up," Peck says. "They will prove that movies are better than ever."

New Lures Improve Fishing

By L. A. Wilke

One wintry day many years ago I was fishing on Elephant Butte Lake in New Mexico. My companion was a retired mining man who had the reputation of bringing in some very large fish. His motto was "fish 'em deep and hit 'em hard."

That was long before we learned how to use some of the fine tackle available today. Most of our lures weighed an ounce. Our rods were short with stiff action, and the reels were not too fast. However, we caught some good ones by fishing deep and hitting hard.

Now comes Walt Willman, head of Heddon's research staff, with a new name for an old trick. He calls it bottom scratching. He says it's the cold weather method he uses to outsmart big fish which have been outsmarting him.

How Walt Does It

Using two outfits, he ties a sonic lure on each. That's the kind of lure that makes a noise under water. He makes a long cast with each lure and lets them both settle to the bottom. Then, picking up one rod, he carefully reels in the slack line. With the rod tip low over the water, he makes a sharp sweep with the rod. This makes the sonic lure jump violently off the bottom, making a noise that fish can hear, and a commotion they can see.

If he doesn't get a strike with the first rod he puts it down and repeats the maneuver with the second.

Big fish, he says, often refuse to hit a lure retrieved steadily during the cold winter months when their reflexes are slow. But when a lure settles to the bottom they watch it. When it jumps into noisy flight, whammo!

Dawson Uses Minnows

E. T. Dawson, director of information and education of the

Texas Game and Fish Commission, has another way of catching big bass deep. He uses big minnows.

His favorite spot is on Lake Travis, where the water varies in depth from 10 to perhaps 60 feet. There are several ledges under the water and Dawson knows where they are.

He gets the largest, friskiest minnows he can find. Using a light line he tosses them out and lets them swim around. He has just enough weight on his line to move the minnow slowly toward the bottom. As it hits each ledge the minnow swims off and heads for deep water. Somewhere on the way down it passes a lunker that's hungry. As a result Dawson usually comes in with a half-dozen baking-size bass.

Biggest Fishing Event

When it opens this year the Sheldon Reservoir, near Houston, will provide the biggest fishing event in Texas.

During the past three years this fine lake has been completely renovated. The Game and Fish Commission cleaned it of undesirable fish and undergrowth. Biologists then stocked it with bass and crappie. About May 1, it will be thrown open to controlled public fishing.

Bass in the lake now weigh from 1½ to 4 pounds. They are ready and hungry. The game department has built fishing piers for the benefit of the fishermen, and ramps for docking boats. This will be a wonderful example of what science can do to improve fishing conditions under heavy population pressure.

Fishing Rods Improved

Wonderful strides have been made in rod production in recent years.

Perhaps spinning has been the greatest contributing factor to this improvement in rods, even in the conventional line. Fishermen have learned the importance of a light action rod is sport fishing. Manufacturers have recognized this trend and have offered a line almost equal to custom rods.

A fellow over at Fort Worth by the name of Charlie Pritchard, however, wasn't entirely satisfied with production line rods. He has spent a half-dozen years in perfecting a rod blank with balanced action which can be made into a rod of the fisherman's choice.

These shafts are made completely by Pritchard, with the use of fiberglass, in a very interesting plant operation. He has the blanks in all weights, from heavy salt-water rods to featherlite kits. With these blanks almost anyone can wrap his own rod, to suit his own taste in both weight and action.

We have several of these rods, made from the kits, and have given them the severest test. Last summer in the Gulf of Mexico this writer landed a 43 pound amberjack on one of these light weight, two-piece, homemade jobs, after a 30-minute struggle.

Wildlife Week March 16

March 16-22 will be observed throughout the United States as National Wildlife Week. During that week we'll hear much about the necessity of wise management of public land resources.

Keep in mind that the same practices urged for public lands

also will pay off in big dividends for the individual land owner.

After all the future of wildlife depends more upon the land owner than all other factors combined. We can have abundant rainfall, but without the proper use of land it will not restore or even maintain wildlife.

Pork Roast And Potato Dumplings Are Favorites Of Mrs. Matula

Nippy winter days and pork for a main dish! What could be better! Even the fragrance while it is cooking is delicious.

Mrs. Felix Matula, 109 North Ross, uses pork frequently. Her favorite pork roast recipe is taken from a cookbook brought by Mrs. Matula from Czechoslovakia ten years ago. Unlike American cookbooks, all measurements are in kilograms and miligrams. Mrs. Matula often uses scales to measure ingredients when preparing dishes from her homeland, but she has changed the measurements for the following recipe into terms more familiar to the reader.

Pork Roast and Potato Dumplings
Choose about a three-pound pork roast. Chop two cloves of garlic very fine, add one-fourth teaspoon of salt and mash to a paste consistency. Spread roast with paste and pepper roast to taste.

In a baking dish place one cup of water, one-half small onion cut in rings, two carrots cut in strips, and roast fat side up. Sprinkle roast with one-half teaspoon of caraway seeds.

Cover and bake in a moderate oven (350 degrees allowing approximately 30 minutes per pound. Baste frequently so that roast is always moist. Remove cover about 30 minutes before roast is done and continue to bake.

For gravy to serve with roast remove grease from basting when roast is done, and add two tablespoons of water. Boil slowly about five minutes.

Pork roast with potato dumplings is as typical of Czechoslovakia as fried chicken is the American Sunday treat.

To make the potato dumplings, Mrs. Matula boils, peels, and grates finely four large potatoes. To the potatoes add one egg, one teaspoon of salt, one-half teaspoon baking powder and enough flour to make the batter stick. Rinse hands in lukewarm water and shape the batter into rolls six to eight inches long. (Four large potatoes will make about two or three rolls this size.) Mrs. Matula

cautions that no air holes should be in the dumplings otherwise they will overcook. Place dumplings in boiling water and cook about 30 minutes. Remove from water and slice in one-inch slices.

The pork gravy is delicious served over the potato dumplings, Mrs. Matula said.

Homemade sauerkraut completes the menu for this meal.

For leftovers, Mrs. Matula suggests heating the potato dumplings slowly in the sauerkraut and serve with any leftover roast.

Other pork dishes she prepares are pork cutlets with mushrooms, pork in aspic, pork goulash, and chicken-fried pork chops.

Mr. and Mrs. Erwin Scheler and family of Belton were visitors in the Otto Schulz home recently.

Mr. and Mrs. V. W. Hauk and daughter spent last weekend at Bryan with relatives.

AN IMPORTANT ANNOUNCEMENT

To Every Texan who ever enjoys a glass of Beer

As of this week, the new idea of absolute Certification of beer quality has become a reality. And we at Lone Star are proud indeed to be able to announce that Lone Star is now the nation's first **CERTIFIED QUALITY** beer. Every bottle and can of Lone Star is now certified by the United States Testing Company, world's largest independent research and testing laboratories. The Certificate shown here tells you in detail just how much this means.

The "CERTIFIED QUALITY" stamp and registration number you will now find on each Lone Star label tells you these things:

1. Every completed brew has passed through 213 tests and quality checks which have been verified by the United States Testing Company as having met the very highest standards of quality brewing.

2. Every brew has been registered, by number, with the United States Testing Company and individually Certified.

3. The beer you buy in each Lone Star package came from the Certified brew whose number appears on its label.

With the advent of absolute and positive quality certification by a qualified independent, unbiased organization of unquestioned integrity, a new era is now launched in the field of quality brewing. We are proud to say of Lone Star... in no other beer can you now be so sure of "As Fine a beer as is brewed in the World."

Gus Evans, Sr.

Evans Announces For JP Position

Gus Evans, Sr., Cameron, retired optometrist, has announced his candidacy for the office of justice of the peace, Precinct 1, Cameron, subject to action of the Democratic primary July 26.

A resident of Cameron for 40 years, Evans has been a justice of the peace in past years.

He and Mrs. Evans reside at 907 N. Central. His son, Dr. Gus Evans, Jr., now operates his optometrist practice in Cameron.

"I wish to give the people of Cameron active service and fair judgment in the office of justice of the peace if elected," Evans said.

He is a member of the First Baptist Church, Cameron.

Rogers Man Buys Big Boy You

The American Milking Shorthorn Society has reported that Elvie James of Rogers has purchased Big Boy You 245855 from F. H. Ford of Cameron.

The new animal is a purebred Milking Shorthorn calved May 5, 1957.

Methodists Attend District Meeting

"Tell Texas About Christ" Methodist evangelistic campaign drew 50 Cameronites to the First Methodist church in Bryan January 29 for a district meeting.

A. W. McCullin, district lay leader for the Methodist church, presented part of the program.

A crowd of 1600 represented 60 churches in the east central Methodist district.

Methodists To Host District Conference

First Methodist Church, Cameron, will host the Methodist district conference here Wednesday.

The District Superintendent, ministers and their families will meet in Cameron Wednesday for a conference and covered dish luncheon.

Milano Girls, Boys

Take Lexington Team

Milano Eagles scored over the Lexington Eagles 78-44 at Milano January 28.

High scorer for the Milano team was Jerry Kirk with 33 points followed by Walter Wentzel with 14 points.

The Milano girls downed the Lexington girls 64-37 in the double-header series. Jo Ann Martin was high scorer with 27 points followed by Janice Beavers with 23 points.

Yoe Exe Band Elects Officers

Mrs. Dana Monroe has been elected president of the Yoe High School Exes Band.

Band exes met Monday night. Mrs. Seth Corley has been elected vice-president, and Monroe Marek, secretary-treasurer.

A new meeting time of 6:30 p.m. has been set for the group. Practice will last until 8 p.m. thereby giving all members an opportunity to attend other meetings which might occur on the same night, Mrs. Monroe said. Anyone interested in participating in the band who is not a Yoe-ex is urged to attend the meeting, she added.

LaVert McKinney

Bert McKinney Announces For Commissioner

LaVert "Bert" McKinney, 42, of Cameron, a native Milam Countian, has announced his candidacy for the office of county commissioner, Precinct 2, subject to action of the Democratic primary, July 26.

McKinney was born in Jones Prairie where he received his early schooling. He graduated from Yoe High School in 1933.

McKinney is married to the former Emma Julia Akers of Cameron. Mr. and Mrs. McKinney have two sons, Mack, 10, and Jack, 8.

After serving four years in the U. S. Army, part of that time with the 104th Infantry Division in Europe, McKinney returned to Milam County. He lived in the Maysfield community one year and in the Ad Hall community one year where he was in the cattle business. Since then he has made his home in Cameron and has engaged in ranching and farming. He is presently employed by a national manufacturing company.

McKinney is a member of the American Legion Edwin Hardy Post No. 9 and the First Baptist Church in Cameron.

"Realizing the responsibilities that go with the office of county commissioner of Milam County, if elected, I will serve each individual and community to the utmost of my ability with honesty and fairness to all, devoting my full time to the duties of commissioner. Your vote and support will certainly be greatly appreciated," McKinney said.
